WORKSHOP ON PCB & CKT. DESIGN

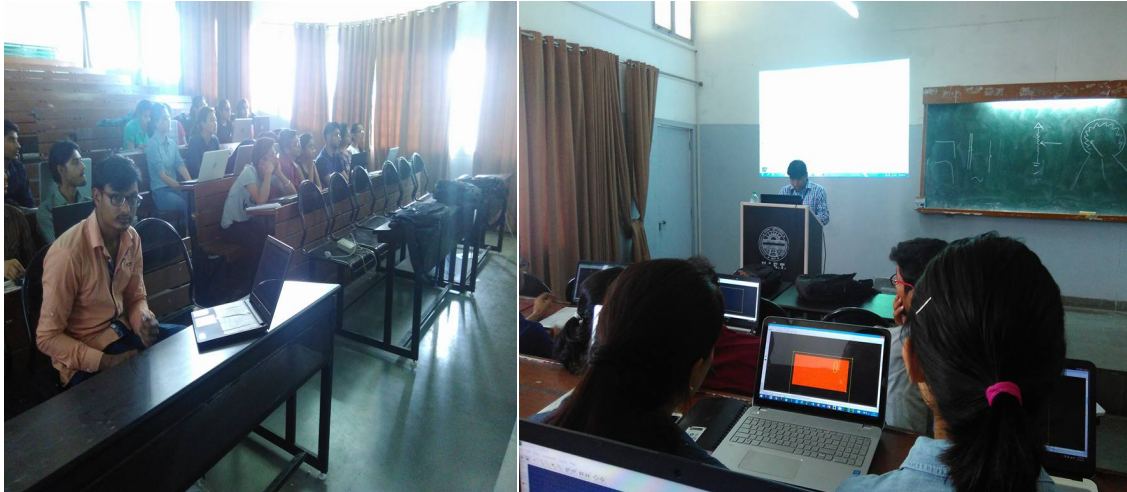

2nd -3rd April 2016

A two-day National workshop on PCB & Ckt Design was held on 2nd & 3rd April'16 at UIET, Chandigarh by CETPA INFOTECH in association with IIT Delhi.

CETPA INFOTECH is the leader in "specialized training" brands of India certified by ISO 9001:2008. CETPA INFOTECH is No1 training institute in whole NCR. CETPA furnish student training in various technologies by professionals and experienced trainers.

The workshop was aimed at making students adept in designing circuit boards through the complete process of creating a professional quality schematic, placing and routing a printed circuit board (PCB) file and generating all the files required for fabrication to professional standards.

Participants (mainly from EEE & ECE dept.) showed sheer enthusiasm & worked out with their best possible efforts. Participation certificate was given to each participant & top 3 performers were awarded the Certificate of honour & prizes.
